

Carmarthenshire PSB Well-being Plan

Following on from discussion at the last PSB meeting in September, please find below a proposed way forward:

Recommendations:

1. To maintain the overarching well-being objectives as they currently stand.
2. To refresh the Delivery Groups to focus on the following key issues:
 - a. Social & Green Solutions for Health
 - b. Opportunities for collaboration to respond to the climate emergency
 - c. Developing means of sharing organisational intelligence on vulnerability
 - d. Develop closer collaborative working between public services in the use of volunteers
 - e. Responding to changing skills and development needs as a result of COVID-19
 - f. Public sector procurement opportunities/progressive procurement
 - g. Multi-agency/multi-sector town centre and/or community hub developments

Well-being Objective	Delivery Group Focus to date	COVID-19 Recovery Focus	Proposed focus areas going forward
Healthy Habits	Healthy Lives: Social & Green Solutions for Health (regional and link to RPB)		Regional approach to be continued
	Healthy Environment: Environmental Risk Assessment	<ul style="list-style-type: none"> • climate emergency; 	Opportunities for collaboration to respond to climate emergency
Prevention & Early Intervention	Training and development for well-being (link to RPB)	<ul style="list-style-type: none"> • health inequalities - growing disadvantage; a need to ensure improvement in sharing information/intelligence on vulnerability; access to green space for 	Focus on developing means of sharing organisational intelligence on vulnerability in order to build a better profile of needs in Carmarthenshire to plan and focus service provision. Building on work being undertaken by Dyfed Powys Police through the Serious Violence & Organised Crime Board.
	Community resilience (link to RPB)		
	Place based approach to well-being (link to RPB)
